

DESIGNED
TO IMPROVE LIFE

Cibės

FLEXIBLE & MODERN

Cibes lift solutions are flexible in terms of sizes and design choices. The space-saving lift construction and our timeless Scandinavian design will adapt to any architectural style.

Made in Sweden

Cibes Lift is a world-leading manufacturer of screw-driven platform and cabin lift solutions for private and public settings. Our head office, factory and R&D department are located in Sweden, a country known for its smart, high-quality products and environmental awareness.

EASY TO INTEGRATE EASY TO ENJOY

Cibes offers you perfect home lift solutions. Our ready-made lift concept and compact footprint have minimal structural impact on your home. The EcoSilent system offers you the option to make your lift quieter and more energy-efficient. The perfect lift for your home and for the planet.

Eco Silent Technology

Silence and green energy are highly valued in today's modern architecture. This is why Cibes Lift has developed the ECO Silent System. We believe that our new drive system will revolutionize the way we perceive screw-driven lifts. The ECO Silent system not only makes the operation of our lifts virtually soundless. It also makes our lifts much more energy-efficient. The ECO Silent System preserves your silence and reduces your power consumption. A perfect solution.

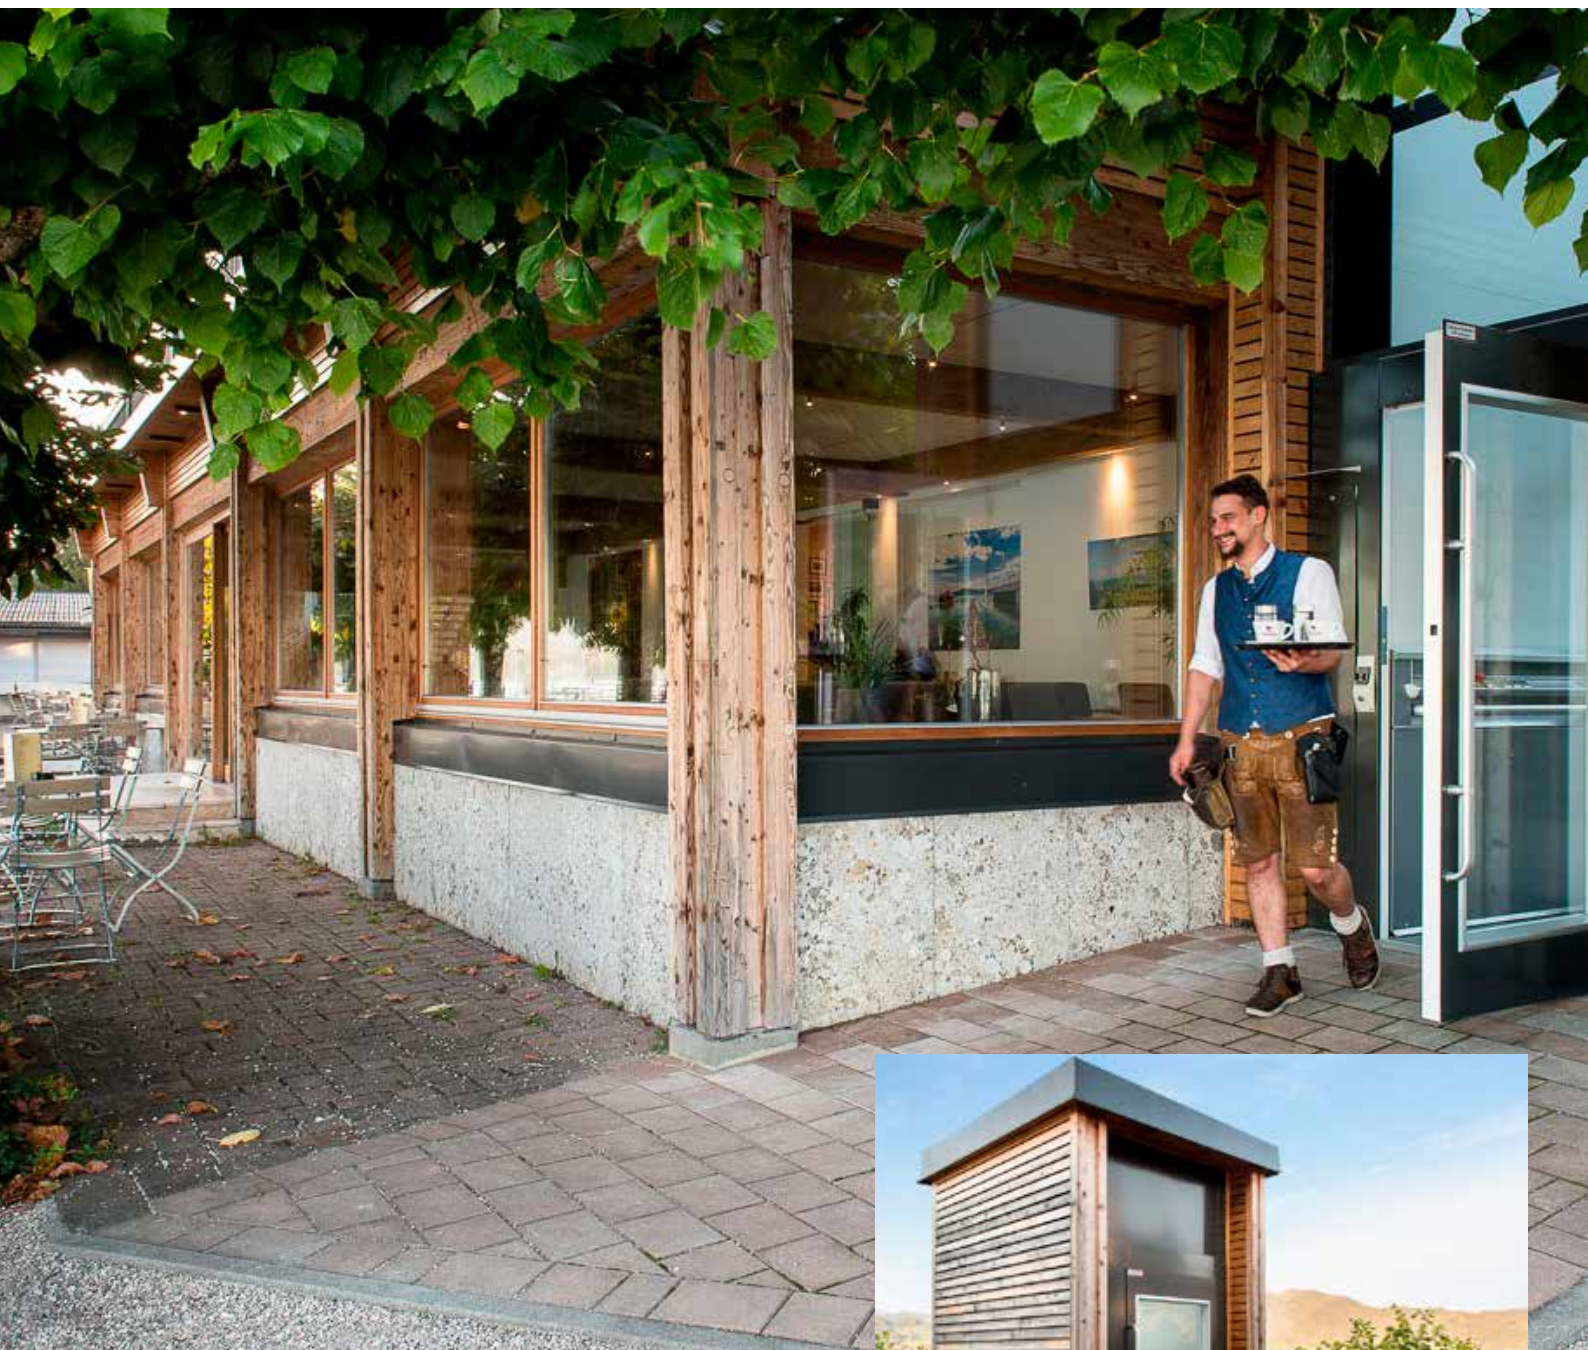

OPEN UP YOUR SPACE

Glass creates an open and airy space. Cibes platform lifts can be glazed on all sides for a 360 degree panoramic view, which is quite unique.

THERE IS NO BAD WEATHER

Our outdoor lifts are designed and equipped to resist to tough weather conditions.
Suitable for public, commercial and private settings.

A VERSATILE AND SMART LIFT CONCEPT

Cibes lift solutions are ready-made products, delivered in manageable size packages. This makes installation is fast and easy. Lifts from Cibes are cost-efficient and attractive accessibility solutions that suit most environments.

The perfect accessibility solution

- No machinery on top, low headroom. Energy-saving LED lit ceiling.
- Shaft panels in steel or in safety glass. All four sides can be glazed.
- Wide choice of door models; steel doors, aluminium doors, gates, EI60 fire rated doors.
- Concealed or externally fitted power door openers as an option.
- Cibes lift solutions are designed to have a small footprint and a maximum of space inside.
- Cibes lift solutions are eco-friendly. 95% of the lift is made from recyclable materials and the Cibes A5000 and A4000 carry Energy Label A, when equipped with the EcoSilent drive system.

Access configurations

Style with color, glass and floor

Choose between our standard, selected or premium colors to make your lift blend in or create a bold contrast. Or use glass to add a touch of color! We offer you a wide range

tinted safety glass for the lift shaft and doors. We also provide a great choice of different floor styles in durable, anti-slip treated vinyl or aluminium. Another possibility is to customize your floor with laminate or tiles.
